Here is the agenda:

Hi everyone:

We have new drafts of the ETBE and TBA assessments (see attached) showing changes made since the original ERC review. The redlines include Jason's original comment bubbles---which is really helpful! The draft charges are also included for discussion. No changes have been made to the TBA supplemental information and it is not attached here.

The goal of this meeting is to use the time to discuss anything that the primary (Lynn and Jason) and secondary (Paul W. and Ted) ERC reviewers or other folks who are reviewing these documents (e.g., Sam and Karen) identify that needs further discussion.

If we end up with any unresolved issues, then a smaller meeting, including Ken, will be convened to come to resolution. That will conclude the review process.

As I understand it, we really need to have these documents completely finalized by May 15.

If there are other folks who have been working on the documents or reviewing them that aren't on the invite, please forward to them so that they can attend.

Anyone can attend!
